Subject: Application for Front-End Developer Position

Dear Hiring Manager,

I am writing to express my interest in the **Front-End Developer** position at your organization. With **3 years of professional experience** in front-end development, I have designed and developed responsive, user-friendly, and performance-driven websites using HTML5, CSS3, JavaScript, Bootstrap 5, WordPress, Elementor, WPBakery Page Builder.

During my career, I have successfully delivered **50+ live website projects** across industries including education, healthcare, hospitality, manufacturing, travel, e-commerce, and business services. My expertise includes developing responsive websites, optimizing website performance, writing clean and maintainable code, ensuring cross-browser compatibility, and delivering excellent user experiences.

Core Technical Skills

- HTML5
- CSS3
- JavaScript
- Bootstrap 5
- Responsive Web Design
- Custom Bootstrap Theming
- Cross-Browser Testing
- Code Optimization
- Website Maintenance
- Content Management
- Elementor
- WPBakery Page Builder
- Theme Customization
- Plugin Configuration
- cPanel
- Website Deployment
- Canva
- Photopea (Photoshop Alternative)

I also have experience collaborating with designers and development teams to convert UI/UX designs into pixel-perfect, responsive websites while following SEO best practices and modern web standards.

I would like to mention that I had a brief career gap due to personal circumstances. During this period, I remained committed to my professional growth by working on personal projects, strengthening my front-end development skills, and staying updated with the latest web technologies.

I am currently based in **Banaswadi, Bangalore, Karnataka**, and I am **available for immediate joining**.
