EXPERIENCE

FRONT END DEVELOPER AT NIFTYSOFT SOLUTION

Chennai, TamilNadu, India, Feb 2026 - Apr 2026

- **Developed responsive, high-performance websites** using HTML5, CSS3, JavaScript, and Bootstrap 5 with **100% custom front-end code**, eliminating reliance on templates or page builders.
- Designed custom UI components, landing pages, corporate websites, and eCommerce interfaces with clean, maintainable code and a strong focus on user experience.
- **Researched and implemented modern UI/UX trends**, recreating pixel-perfect responsive interfaces with cross-browser compatibility, performance optimization, and accessibility best practices.

WEB DEVELOPER AT ASPIRA TECHNOLOGY

Chennai, TamilNadu, India, Jul 2025 - Oct 2025

- **Developed** responsive and mobile-friendly websites using **HTML, CSS, JavaScript, jQuery, and Bootstrap**, ensuring cross-browser compatibility and optimal performance across desktop and mobile devices.
- **Built** interactive web pages from client requirements, implemented UI enhancements, integrated design updates, and resolved front-end issues to deliver an improved user experience.
- **Maintained** live college and school websites by updating **content, images, banners, page layouts, and announcements**, while implementing client-requested design changes and custom UI sections.
- **Managed** website deployment and hosting using **cPanel**, including code deployment, file management, domain configuration, website backups, content publishing, and production issue resolution.
- **Performed** ongoing website maintenance, quality assurance testing, performance optimization, responsive design improvements, and front-end bug fixes to ensure reliable functionality and seamless user experience.

WEB DESIGNER AT SPARKLE DIGITAL SOLUTIONS

Chennai, TamilNadu, India, Apr 2025 - Jun 2025

- Developed **responsive, interactive, and mobile-friendly websites** using HTML5, CSS3, JavaScript, jQuery, and Bootstrap 5.
- Converted **client requirements** and design references into responsive user interfaces while implementing UI enhancements and resolving front-end issues.
- Improved **website performance** through image optimization, script optimization, page structure enhancements, cross-browser compatibility, and accessibility best practices.

WEB DEVELOPER AT DOODLE DESIGNS

Chennai, TamilNadu, India, Dec 2024 - Mar 2025

- Designed and developed responsive, visually engaging websites using **HTML, CSS, JavaScript, and Bootstrap 5**, ensuring seamless performance across desktop, tablet, and mobile devices.
- Created custom UI designs, website banners, and promotional graphics using **Adobe Photoshop, Photopea, and Canva**, maintaining consistent brand identity.
- Converted design concepts into interactive web pages with clean, reusable code while implementing client-requested design enhancements and UI improvements.
- Improved the overall user experience by optimizing website layouts, responsiveness, and front-end performance, while also creating presentation materials (PPTs) and basic promotional video content to support digital projects.

WEB DEVELOPER AT ELYSIUM GROUPS OF COMPANIES (EIBS DEPARTMENT)

Madurai, TamilNadu, India, Feb 2024 - Jul 2024

- **Developed and maintained** responsive **WordPress** websites using **Elementor, WPBakery, and essential plugins**, implementing **SEO best practices, performance optimization**, and custom website features based on client requirements.
- **Built and customized** dynamic web pages using **HTML, CSS, JavaScript, jQuery, and WordPress**, ensuring **cross-browser compatibility, mobile responsiveness**, and a seamless user experience.
- **Customized WordPress themes**, page layouts, and **CSS** to create **unique, client-specific website designs**, implementing responsive layouts, UI enhancements, animations, and interactive elements that aligned with client branding and project requirements.

WEB DESIGNER AT BIGMAN SOFTWARE SOLUTIONS

Madurai, TamilNadu, India, Sep 2023 - Jan 2024

- Designed and developed responsive websites using **HTML, CSS, JavaScript, and Bootstrap 5**, delivering modern and user-friendly interfaces.
- Created **corporate logos, banners, and branding materials**, translating client requirements into visually appealing digital designs.
- Deployed and maintained live websites using **cPanel**, handling file uploads, website updates, domain configuration, and ongoing maintenance to ensure smooth website performance.

WEB DESIGNER AT SRKIT SOLUTIONS PVT LTD

Chennai, Oct 2022 - Sep 2023

- Expertly developed **responsive static and dynamic websites** from scratch using **HTML5, CSS3, JavaScript, Bootstrap, and jQuery**, writing clean, reusable, and well-structured code without relying solely on templates.
- Customized and optimized **ThemeForest templates** by modifying HTML, CSS, JavaScript, and Bootstrap code to meet client-specific branding, design, and functional requirements.
- Designed **fully responsive, cross-browser compatible** websites with a focus on UI/UX, performance optimization, accessibility, and **SEO best practices**, including **Photoshop** image editing, testing, deployment, client revisions, and ongoing maintenance.
- Deployed and maintained live websites using **cPanel**, handling file uploads, code updates, domain configuration, production deployments, and real-time modifications while ensuring website stability and performance.

WEB DESIGNER AT SVASAMSOFT

Karaikudi, TamilNadu, India, Aug 2014 - Aug 2015

- **Developed** responsive and cross-browser compatible websites using **HTML, CSS, JavaScript, Bootstrap 3, and Media Queries**, ensuring a consistent user experience across desktop and mobile devices.
- **Converted** UI/UX designs into clean, pixel-perfect, and reusable front-end code while optimizing **website performance, accessibility, and page loading speed**.
- **Designed and developed** custom websites for diverse industries, including **pets, industrial, agriculture, jewelry, education, and wedding services**, creating responsive layouts tailored to client and business requirements.
- **Collaborated** with designers and clients to deliver **high-quality, user-centric** web solutions, implementing design revisions and ensuring timely project delivery with an emphasis on usability and client satisfaction.
